Description

Enjoy serene lakefront living with the ease of low-maintenance ownership in the gated community of Antilles. This Monsterrat floor plan showcases an open-concept design enhanced by volume and tray ceilings, tile flooring throughout, upscale cabinetry, quartz countertops, designer lighting, and custom window treatments. Additional features include plantation shutters, impact-resistant windows and doors, a frameless glass shower, GE appliances, and an epoxy-finished garage floor. Designed to feel like a single-family home, the expansive main living area spans nearly 30 feet and captures sweeping water views, while the great room seamlessly connects to a well-appointed kitchen with an oversized island and walk-in pantry—ideal for entertaining or everyday living. The primary suite offers peaceful lake views and a comfortable retreat. A versatile loft area at the top of the stairs provides additional flexible living space. The 10x12 guest bedroom with French doors works well as a home office, complemented by an additional 11x12 guest room. The laundry room is equipped with cabinetry and a utility sink for added convenience. Outdoor living can be enjoyed on the extended screened lanai with tile flooring overlooking the lake. Antilles is a private, deeded community spanning 54 acres, known for its West Indies-style architecture, lush tropical landscaping, and natural Florida surroundings, and is ideally located close to shopping and dining with easy access to Marco Island and downtown Naples, including the popular 5th Avenue shopping district.
