Designed with large families in mind, the versatile floor plan offers a minimum of five bedrooms and expansive living spaces. The layout includes a primary suite on the first floor, a ground-floor guest room, and a secondary bedroom suite with a private bath on the second floor alongside additional bedrooms. The main living area makes a grand impression with soaring ceilings, character-rich wood beams, and two-story windows that flood the space with light. Outdoor living is elevated by a massive 31'x46' screened-in lanai and an oversized pool, accessible via pocket sliders that seamlessly blend the interior and exterior spaces. It is the ideal setting for BBQing and enjoying expansive country views.

Equestrian enthusiasts will appreciate the detached barn with carport, which has been converted into 2 open-air horse stables designed for fresh air and easy access. Completing the home is an oversized two-car garage and a large bonus room located off the main living area, providing ample space for hobbies, a home gym, or a private office.
