Description

Opportunities like this are becoming increasingly rare in Naples— Tucked within the Emerald Woods community, this beautifully reimagined first-floor residence offers a fresh, modern feel paired with an unbeatable lifestyle setting in the coveted 34108 zip code. Completely renovated to reflect today's design preferences, the home delivers both comfort and style from the moment you enter. The kitchen has been thoughtfully updated with elegant solid-surface countertops, contemporary cabinetry, and a clean, streamlined aesthetic that functions just as well for everyday living as it does for entertaining guests. The open, inviting layout flows effortlessly, enhanced by updated finishes throughout. Both bathrooms have been tastefully redesigned to create a spa-like experience, featuring sleek materials and glass-enclosed showers that add a touch of sophistication and ease to daily routines. Every detail has been considered to elevate the overall living experience. One of the standout features of the residence is its dual-lanai layout—an uncommon and highly desirable offering. The private, screened lanai connected to the primary suite provides a quiet escape, surrounded by lush, mature tropical landscaping that enhances the sense of privacy and tranquility. The location truly sets this property apart. Just under two miles from the sugar-white sands of Vanderbilt Beach and within easy walking distance to Mercato, you're perfectly positioned to enjoy the best of Naples. A short bike ride brings you to Waterside Shops, The Pavilion, and Galleria

Shoppes at Vanderbilt, along with a wide variety of dining and entertainment options. Additional conveniences include an assigned carport, private storage, and access to Emerald Woods' resort-style amenities, including a pool, hot tub, clubhouse, and lounge area. Whether you're searching for a full-time residence, seasonal retreat, or an investment property with strong rental appeal, this is a standout opportunity to own a fully updated home in one of Naples' most sought-after locations—at a price point that is increasingly hard to find.
