Description

One or more photo(s) has been virtually staged, AI generated or rendered. Move in now and create your future vision on this spacious 2.5-acre property in Montura Ranch Estates. Featuring an existing three-bedroom, two-bath manufactured home with operational utilities and hookups, this property offers immediate living space with the opportunity to plan your dream home or country estate. Per the seller, the entire property is upland and has been extensively filled with imported dirt, providing a significant head start on site preparation. Enjoy the existing residence while exploring future construction, or simply settle in and take advantage of the space, privacy, and open surroundings. The expansive acreage offers room to envision gardens, outdoor entertaining areas, and other improvements suited to your lifestyle. Located in a rural Hendry County community known for acreage properties and country living, this is an opportunity to enjoy the property today while planning for tomorrow. Future construction and improvements are subject to applicable permits and county approvals.
