Description

I wanted to share details on a great new property that just hit the market. It is a well-maintained 3-bedroom plus den, 2-bathroom home featuring over 1,800 sq. ft. of living space under air, a 3-car garage, and a beautiful pool and spa. Here are a few key highlights of the home: - Property Features: Bright entry office with glass doors, formal dining room, open-concept kitchen with wood cabinetry and granite countertops, and a master suite with a walk-in closet, dual sinks, and a separate soaking tub. - Outdoor & Garage Space: Expansive covered lanai, fully fenced backyard, and a 3-car garage with epoxy flooring and a dedicated storage room (the seller can remove the storage room if you prefer extra parking space). - Major Upgrades & Systems: New roof (2023), new well pump, new pool heater, whole-house reverse osmosis system, impact windows, accordion shutters, whole-house surge protector, and generator wiring. - Additional Info: Located in a desirable area near Pine Island Road with easy access to shopping and dining. No flood insurance required, and no approval needed for pets.
